

General Directions

This test consists of three sections: (1) a section in which you will watch and listen to a video and answer multiple-choice questions related to the video, (2) a section in which you will respond to multiple-choice questions, and (3) a section in which you will respond to a writing assignment. The directions for each section appear immediately before that section.

For sections containing multiple-choice questions, read each question and answer choice carefully and choose the ONE best answer. You should answer all questions. Even if you are unsure of an answer, it is better to guess than not to respond at all.

You may NOT use any type of calculator or reference materials during the testing session.
