

## General Directions

This test consists of six sections: (1) a speaking section in which you will respond to an assignment by speaking in the target language, (2) a listening section in which you will listen to an audio excerpt in the target language and write a response based on your comprehension of the excerpt, (3) a language structures section in which you will complete grammatical exercises, (4) a reading section in which you will read a passage in the target language and write a response based on your comprehension of the passage, (5) a multiple-choice section in which you will respond to questions presented on the screen, and (6) a writing assignment in which you will respond to an assignment by writing in the target language. The directions for each section appear immediately before that section.

For sections containing multiple-choice questions, read each question and answer choice carefully and choose the ONE best answer. You should answer all questions. Even if you are unsure of an answer, it is better to guess than not to answer a question at all.
