

## General Directions

This test consists of four sections: (1) a speaking section in which you will respond to an assignment in the target language, (2) a listening section in which you will listen to audio excerpts in the target language and answer multiple-choice questions presented on the screen, (3) a multiple-choice section in which you will respond to questions presented on the screen, and (4) a writing section in which you will respond to an assignment in the target language. The directions for each section appear immediately before that section.

For sections containing multiple-choice questions, read each question and answer choice carefully and choose the ONE best answer. You should answer all questions. Even if you are unsure of an answer, it is better to guess than not to answer a question at all.

You may NOT use any type of calculator or reference materials during the testing session.
